

MARKETING · MONTHLY PERFORMANCE REVIEW

September 2026

Save, invest, spend and grow your money, together.

WHAT WE FOCUSED ON

Five questions shaped September

-
- 01** How do we make content less predictable, more interesting, and lift the numbers?
 - 02** How do we help our subsidiaries, Rank MFB and Rank Ultra?
 - 03** How do we improve performance and speed as a team?
 - 04** Where do we stand on users, savings and the Dangote IPO?
 - 05** How do we reach 100k sign-ups before the year ends?
-

01

Less predictable. More interesting.

How we changed our content after the last MPR, and what it did across every channel.

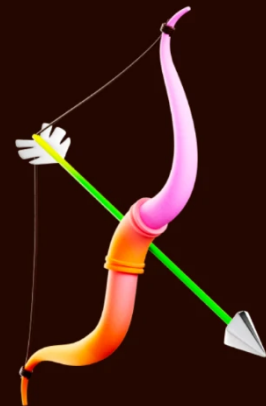

Three changes since the last MPR

Goodbye, talking heads

We moved away from straight-to-camera videos.

Moving with the trends

Our best X post was a meme reply on the Dangote IPO: **1,532 views**.

Selling products creatively

The Gen Z vs Millennial Tribe video led on Instagram and TikTok.

referrals

- Two webinars: Dangote IPO sensitisation, and part 1 of 4 of Building Wealth That Supports Your Life
- Onboarding the community onto the Unee app
- Shot an Overthinkers Anonymous episode with our Investment Lead, Andrew Esene
- Preparing Customer Support Week, and framing an event with The New

02

One Rank. Every team.

How marketing is showing up for Rank Ultra and Rank MFB.

We met both teams. Here's the plan.

Rank Ultra

Pre-SEC

- Activities lined up for after SEC approval
- Agreed what we can start doing today, before SEC
- On call for designs and creatives whenever they reach customers
- Making our emails to their customers better

Rank MFB

Live this week

- New social media and Gmail accounts opened
- We can now target locations digitally
- First rodeo: the market storm happening this week

We're rebuilding how the team works

Automated

We're automating a lot of what we do and decentralising the work.

Accountable

Leaders in the team are fully equipped and held accountable for their teams.

Focused

Everyone knows their goals, their numbers and their primary focus.

Live education session

Rank · September MPR 2026

16

100,000 sign-ups by year end

The awareness phase is behind us. We're live and selling what we have, and we're working through our 100k plan internally.

70% · Digital ads

30%

Realistically, most of the 100k will come from paid digital ads.

Referrals and controlled product campaigns cover the rest.

It's our primary focus this month. You'll see it in the numbers at our next meeting.
